ENLS is an educational program of 14 distinct modules designed to help healthcare professionals improve patient care and outcomes during the critical first hours of a patient's neurological emergency.

ENLS demonstrates a collaborative, multi-disciplinary approach and provides a consistent set of protocols, practical checklists, decision points, and suggested communication to use during patient management.

This upcoming ENLS course is an instructor-led training session that offers a robust introduction to each course topic through instructor-led classroom training and participants can earn up to 15 *AMA PRA Category 1 Credits*™.

In support of improving patient care, this activity has been planned and implemented by Cine-Med and the Neurocritical Care Society. Cine-Med is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
