**Coronavirus Disease 2019 (COVID 19)
 EMS Readiness Survey**

Date: March 4, 2020
 To: EMS Agency Official Representatives
 From: Michael Mills, DO, FACEP
 State OEMS Medical Director
 Re: EMS readiness for COVID-19

The Center for Threat Preparedness (CTP) has activated Health Command in response to COVID-19. CTP is requesting all registered EMS Agencies to complete the following inventory and return to OEMS as soon as possible.

There are no active cases of COVID-19 in WV at this time, however, we are looking to be as prepared as possible. CTP has inventoried the state's cache and hospital caches of specific PPE to assess our level of readiness. The EMS community is to be part of this assessment. Items to be inventoried are as follows:

| Item | Current Quantity on Hand | Status of Vendor Supplies Availability (Projected delivery time of these supplies from your vendor) |
|-------------------|---------------------------------|--|
| N95 masks | _____ | _____ |
| Surgical masks | _____ | _____ |
| Disposable gloves | _____ | _____ |
| Disposable gowns | _____ | _____ |
| Eye Protection | _____ | _____ |

Please submit completed form to OEMS COVID-19, 350 Capitol Street, Room 425, Charleston, WV 25301 or email to Terri.L.OConnor@wv.gov.

Your prompt attention to this matter will be greatly appreciated.
